Mr. Callistus Anaele, **General Secretary.**

Mrs. Augustina Nwafor, **Asst. Secretary**

Mr. Obobi Onwuka, **Publicity Secretary**

Miss Tracy Tigiri, **Corporate Relation Officer**

ADMINISTRATIVE ACTIVITIES

This report includes a mix of technical, and academia-focused activities so far for an engaging first quarter so far.

January:

- **PH Chapter Exco Meeting:** On January 9th, we had our first icebreaker exco meeting for 2026 and drafted our plan for the year.
- **Annual Executive Committee Retreat:** Participated in the annual executive committee retreat and reviewed/refined our 2026 program, ensuring alignment with NAPE's vision and goals.
- **Chapter budget sponsorship drive:** Engaged in proactive drive to raise funds for 2026 Chapter activities through a courtesy visit to our corporate members within the state.

February:

- **The Modern Geologist:** The NAPE Port Harcourt Chapter kick-started her student engagement for the year with the aforementioned themed activity, as organized and executed by the Rivers State University (RSU) student Chapter on 12th February, after sponsoring about 7 Uniport Student for the BEC Challenge at the NAICE 2025. The program was meant to sensitize the student on the trends of technologies and expectations in Geosciences, and the need to keep up through professional activities like NAPE, was well attended by both students and chapter delegates/NAPE Exco representative_ Prof. Adekunle Sofolabo.
- **Technical Business Meeting:** The Chapter successfully kickstarted their technical business meeting/learning on February 24th, 2026 virtually with the theme “Demystifying Novel Technologies in Seismic Acquisition” as stated below, presented by Mrs. Uche Irene, and sponsored by the Chapter ExcOs

March:

- The Chapter extended and wrote their condolence message for the burial ceremony Prof. Etim Daniel Uko

April

- **Business/Technical Meeting:** A Hybrid technical/business meeting was held on April 24th, 2026 themed: Operational Excellence in drilling to secure production outcomes, presented by Mrs. Grace Eghobamien, chaired by Dr. Arochukwu Elias Chukwu and sponsored by Mease/Teec Geophysics. And was well attended with over 80 persons present and 70 online attendees

May

- **Business/Technical Meeting and Lookahead:** Another Virtual technical business meeting is slated for 29th May, 2026 as shown below, themed: Impact of Detailed fault Characterization for Field Development to be presented by Mrs. Ufuoma Akpomeyoma

In Q1, PH Chapter has continued to mobilize for numerical growth in her activities via WhatsApp and during her activities, in a bid to connect members and prospective members to NAPE central activities, for the continuous engagement and timely information dissemination, which translates to “membership registration,” as we constantly engage the secretariat for upgrades/registrations and verifications.

A. TECHNICAL BUSINESS MEETING DETAILS
